***Campaign Update***  
***JULY 2009***

***Mark your calendar for the Ribbon Cutting event Friday September 18<sup>th</sup> prior to the Homecoming game. Details TBA.***

Phase I of the athletic fields upgrades is well underway. Check out the many photos on the homepage showing the various projects. The CBA logo in purple and gold at the 50 yard line of the stadium field is impressive!

Field turf installation at the main stadium is nearly complete and will be ready for mid-August athletic practices to begin. Turf at the practice field is being installed this month.

The softball field and the “pit” upgrades are underway.

The new retaining stone wall along the practice field will include “Christian Brothers Academy” across the front.

The library upgrades are ongoing. So far new furniture, new technology, and new books have been purchased and the room has been painted and new carpet installed.

Scholarship and endowment donations have surpassed \$3.4 million which translates to more assistance for more families. This is a great boost during these tough economic times!
