

CBA Clubs and Activities 2017-2018

A CBA-sanctioned “club” is one that is approved by the Principal and has as its purpose an academic goal for the students involved. The “club” may or may not be directly connected to a particular course of studies at CBA, however a direct connection must be shown that will support its academic usefulness and/or productivity. All student clubs are required to have a faculty member as moderator and to comply with the guidelines/parameters as determined by the school administration.
